According to the regs, the Regional Counsel has the authority to approve or disapprove an EPA employee signing an affidavit. The Regs require that approval be given to EPA's benefit, which this does not appear to be. However, they can always request an authenticated copy of your reports, but that will not be done by today.

Amy

I got a call from the Trustee rep that asked if I could sign an affidavit for their property tax hearing. They are trying to get it reduced.

It apparently for me to acknowledge that my periodic updates are accurate along with the estimate of expenses that I recently provided to them.

They need this today.

Gary
